

2012

Dr. Rotunda,

After a very tedious and tiring (8hrs) with your office on April 26th I can say with certitude that you have one of the most professional, caring, and well managed offices I have ever been in (trust me I have been in many, whether Medical, Legal, Accounting, Real Estate, Investment Management, you name it - I've been there). ~~that~~ I really appreciated your kindness as well as professional training. Both nurses and the front office co-ordinator were exceptional as ~~were~~ was everyone. I have already recommended you to others, I'm so glad I selected your office and had a chance to see a great office & practice!

Robert ~~Phillips~~
